ABOUT AWAISJEE INDUSTRIES.

AwaisJee Industries has manufactured and exported sports goods, combat sports equipment and sportswear since 1979. Our ball range covers thermal-bonded, hybrid and machine-stitched footballs, futsal, training, street and promotional balls, plus volleyballs, handballs, rugby balls and medicine balls.

Every line in this catalogue is made to order, to our standard specification or as a fully customised OEM / private-label build. We hold no stock. We work to your specification on materials, colourways, logo placement, packaging and labelling.

Production is in-house from cutting through stitching to final QC, which keeps quality consistent across repeat orders.

OEM & PRIVATE LABEL

YOUR BRAND. YOUR COLOURWAYS.

01

OEM & Private Label

Your brand, your colourways, your packaging. Artwork support and pre-production samples on every custom order.

02

Materials

Full-grain cowhide leather, Maya-hide PU, high-grade vinyl, neoprene, satin, performance knits and pearl-weave cotton.

03

Quality Control

In-line inspection at cutting, stitching and finishing, plus a final AQL check before packing.

04

Lead Times

Sample and production times depend on the product and are confirmed in your quotation.
